Subject: RE: Petersen Ranch MB - BEI Amendment to Allow Use of the Combined STD 213/CPA

Hi Shannon,

I wanted to check on process for these Caltrans credit purchase agreement amendments.

The next step would be for the Corps to notify the IRT that you have determined this amendment can go through the Streamlined Review process, then after receiving (or not) comments from the IRT the Corps would issue your Letter of Intent to sign the amendment at which point the IRT agencies would route the amendment for signature at our respective agencies. Is that correct?

EPA has no comments on the amendment and can sign whenever we are collectively ready, but I don't want to get out ahead of the established process.

Thanks,
Melissa

Subject: Petersen Ranch MB - BEI Amendment to Allow Use of the Combined STD 213/CPA

Dear Petersen Ranch IRT,

Pursuant to Section XII.D.1 of the Petersen Ranch Mitigation Bank Enabling Instrument ("BEI"), Land Veritas Corp is requesting Exhibit F-2, Credit Purchase Agreement and Payment Receipt Templates, of the BEI be amended to include an additional template Credit Purchase Agreement, and that language be added to the BEI allowing additional templates to Exhibit F-2 of the BEI be included upon written approval of all interagency review team members to provide greater flexibility and reduce time and effort should the need arise to create further templates (i.e., future templates associated with advance/bulk credit purchase). A copy of the proposed amendment is attached for your review.

It has come to our attention that the California Department of Transportation ("Caltrans") is not able to execute the

Credit Purchase Agreement Template currently appended in Exhibit F-2 of the BEI to purchase credits from the Corps-approved BEI. The proposed amendment includes using both the Credit Purchase Agreement, as required by the BEI, and the State of California-Department of General Services ("DGS") Standard Agreement 213 (STD 213), as required by DGS for Caltrans use in purchasing credits for Caltrans transportation projects that have been assigned a permit number. Please note the fully executed Credit Purchase Agreement would be attached to the fully executed STD 213, which includes language that the terms of the Credit Purchase Agreement control if there is a conflict between the two.

Sincerely,
Marlene Tyner-Valencourt
